

One-day Peach & Apricot Summer Meeting

FORLÌ (ITALY), 8 AUGUST 2014

SECOND CIRCULAR

@ FRUIT TREE RESEARCH UNIT OF FORLÌ (CRA-FRF) VIA LA CANAPONA, 1 BIS 47121 - FORLÌ, ITALY

This one-day meeting is organized in conjunction with the EufriEU Network and the Fruitbreedomics EU project. It consists of a morning section with presentations (see details in the second page) followed by a fruit exhibition in the afternoon. The fruit exhibit will be organized with the contribution of CRPV (Cesena, Italy).

In this second circular, you'll find the latest version of the agenda for the day.

For the morning meeting, seven communications have already been included. The possibility of including additional presentations will be assessed on the very morning of August 8th.

Those who intend to bring fruit samples for the exhibition are kindly invited to communicate at least the number no later than August 5th, in order to be able to provide adequate space for the exposition. All the expositors will have 10 min time to present their samples and breeding activity.

We are waiting for you @ Forlì!

Daniela Giovannini, Alessandro Liverani, Daniele Bassi
